I'm so sorry to hear of Debbie's passing. I have such fond memories of Debbie being the neighborhood mom who would always have all the kids over to play in the pool. She also was my very first employer and always paid me well to mow her yard. She was always so welcoming, supportive and never judgmental. I will be forever grateful for the impact she had on me and for all the memories she provided. I hope your own memories will give you peace at this time. Sending prayers, hugs and love to you all! Debbie was a dear soul with infectious energy. We played table tennis often at the Fort Collins Senior Center. Her laughter and happiness will be missed.

I will always cherish the friendship we shared. My treasured memories come mostly from playing Table Tennis, which is how we met a couple of years ago. What fun it was & so much laughter! 😊 I'll miss you dear friend & the joy we shared .

Debbie, Thank you forever for laughing at my funny habits particularly my odd ability to communicate with stray cats at their own level. Our friendly argument about what exactly does TCBY stand for will be in my happy memory of you. You will be greatly missed. Anthony

Dear Deb, You were my special golfing partner and will be greatly missed. It thrilled me to see you seriously try to improve your game and you did. It took me two or more shots to reach your drive. We also shared a spiritual peace, though different, no less special. You were ready with a prayer and knew when I needed one, I thank you and God. Our recent trip to Indiana to visit your loving brothers will be a treasured memory. Until

we meet again and we will. Loved barb

Debbie,we spent our last hour together laughing and hugging about your next journey with our precious Savior. I told you your heart was in His hands and he's so proud of you. Little did we know how true that was, but He knew. I love you and will always miss you

Thank you Debbie for always being welcoming to me when I was over to visit your daughter. You were always kind and expressed plenty of interest in my life in Estes Park and Spokane.
